AUTHORHOUSE, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Four-star general James Westover's personal account of his military mission to the EU testimony and transcript was about to be read to Congress. The story commences with James, whose commission included being sworn in as honorary judiciary of Economic War Circle or Court. James iterated to Congress that traditional war is in the process of being replaced with electronic warfare. General James Westover stated that a modern virtual private network satellite bank, hosted by a shadow government and its loan portals, were offering 1 percent loans to American borrowers through the Internet. James showed Congress a loan growth-rate chart detailing the loan transactions in real time that indicated the sophistry of the microchips on the rogue electronic warfare satellites that were unprecedented in history. Also, James revealed on a separate cyber attack statistic chart detailing how static and constant the electronic warfare attacks were from one of the economic war satellites that were launched just above the limits in American airspace. Moreover, he continued, The unabated engagement of cyber attacks that were found to facilitate the siphoning of fractions of a cent in microseconds...
